

SlipStore

TERMS OF SERVICE

Last updated: 19.08.2026

These Terms of Service ("Terms") govern access to and use of SlipStore ("SlipStore", "we", "us", "our"), a slip/receipt storage and expense-data extraction tool, available at www.slipstore.co.za (the "Service").

SlipStore is currently in prototype / beta stage and is being made available for live testing. Features, functionality, and stability may change without notice, and the Service is provided on an "as is", "as available" basis during this period.

These Terms are entered into between SlipStore and the company or organisation that creates a SlipStore account (the "Company"). The Company is responsible for its own employees' and representatives' use of the Service under these Terms (each an "Authorised User"). By creating an account or using the Service, the Company accepts these Terms on behalf of itself and its Authorised Users. In addition, each Authorised User will be asked to individually acknowledge these Terms and the Privacy Policy when they first log in and set up their password, confirming their own understanding of how the Service works and how their personal information is processed.

1. Definitions

Company	The organisation that registers for and controls a SlipStore account.
Authorised User	Any individual given access to the Service by the Company, including Field Workers, Administrators, and Owners.
Field Worker	An Authorised User who captures and submits slips/receipts.
Administrator	An Authorised User who reviews and approves submitted expenses and has visibility of company spend.
Owner	The primary account holder for the Company.

2. The Service

SlipStore allows Field Workers to capture and submit photos of receipts/slips, automatically extracts key information (such as amount, date, category, and whether a company card was used) using third-party AI processing, and allows Administrators to review, verify, and approve submissions.

Field Workers may only be added to a Company account by invitation from an Administrator or Owner. Self-registration by Field Workers is not permitted.

3. Acceptable Use

SlipStore does not actively monitor uploaded content. However, by using the Service, the Company and its Authorised Users agree not to:

- Upload any photo or file that is not a genuine receipt or slip, including sensitive, private, illegal, or otherwise inappropriate images unrelated to business expenses
- Upload altered, edited, manipulated, or falsified slips, or slips that have been edited to change the amount, date, or other details before upload

- Submit the same expense more than once (duplicate submissions) or submit another person's receipt as their own
- Submit personal, non-business purchases as business expenses
- Attempt to interfere with, overload, reverse-engineer, or abuse the AI slip-extraction feature
- Share login credentials between Authorised Users, or allow access to the Service by anyone who has not been properly invited

SlipStore reserves the right to suspend or remove content or accounts if it becomes aware of a breach of these Terms.

4. AI-Extracted Data & Accuracy

Slip data (such as amounts, dates, and categories) is extracted automatically using third-party AI processing (Google Gemini). This extraction may contain errors, omissions, or inaccuracies.

Field Workers are responsible for checking and verifying extracted data before submitting it for approval. Administrators are responsible for verifying submissions before approving them. SlipStore does not guarantee the accuracy of AI-extracted data and accepts no responsibility for decisions made on the basis of incorrect or incomplete extraction, including for accounting, tax, or reimbursement purposes.

5. Data & Intellectual Property Ownership

The Company retains full ownership of all slip/receipt data and other information it or its Authorised Users upload to the Service ("Company Data"). SlipStore does not claim any ownership rights over Company Data.

The Company may request a copy (export) of its Company Data, or request its deletion, at any time by contacting support@slipstore.co.za.

SlipStore owns all rights, title, and interest in and to the SlipStore platform, software, design, and branding. Nothing in these Terms transfers any such rights to the Company or its Authorised Users.

6. Fees

The Service is currently provided free of charge during the prototype/testing stage. SlipStore has not yet finalized a pricing model. Should SlipStore introduce fees in future, the Company will be notified in advance and given the opportunity to accept the new terms or cancel its account.

7. Liability

To the maximum extent permitted by law:

- SlipStore provides the Service on an "as is" and "as available" basis, with no warranties of any kind, express or implied
- SlipStore's liability arising from or relating to the Service is limited to making reasonable efforts to provide the Service
- SlipStore is not liable for any indirect, incidental, or consequential losses, including loss of profit, loss of data, or business interruption
- SlipStore is not liable for losses arising from inaccurate AI-extracted slip data that was not verified by the Company before use, as described in Section 4

8. Suspension & Termination

SlipStore reserves the right to suspend or terminate a Company's access to the Service if these Terms are breached.

The Company may cancel its account and stop using the Service at any time by contacting support@slipstore.co.za.

9. Changes to These Terms

SlipStore may update these Terms from time to time, particularly as the Service moves out of its prototype/testing stage. We will update the "Last updated" date above when changes are made. Continued use of the Service after changes take effect constitutes acceptance of the updated Terms.

10. Governing Law

These Terms are governed by the laws of the Republic of South Africa. Any disputes arising from these Terms or the Service will be subject to the exclusive jurisdiction of the South African courts.

11. Contact Us

Questions about these Terms can be sent to support@slipstore.co.za.
